WWW.ENGLISHINDUBLIN.COM

Welcome

Welcome to our junior programme, where our energetic, enthusiastic and passionate staff will do everything to ensure you enjoy your time with us. Together with our sister college, we have been offering English courses to students from around the world for almost 30 years.

TOTAL CARE 24/7

Our students' safety and welfare is of paramount importance to us and we guarantee TOTAL CARE, 24 hours a day, 7 days a week.

All our students and host families will be provided with an emergency mobile contact number, which they can use at any time, day or night.

During school hours there will be a school representative available to answer any doubts our students may have throughout the course of the day.

Location

The school is located in Ballinteer, an attractive suburb of Dublin's Southside. Within walking distance of our school there are 2 public parks, shopping centres and easy access to the City Centre. Our host families are all located near the school enabling our students to walk to and from school daily.

For any activities based outside of the surrounding area, we will provide transport to and from the school so that our students don't have to worry about travelling alone anywhere. Ballinteer and the surrounding area is a popular destination for young students throughout the summer months, making it a safe and fun environment for students.

DAY 1

THE FIRST DAY

On the first day, students will get a short written and oral placement test to check their level of English and will be placed in the class that best suits them.

After class, we offer all our students a Welcome Talk, during which students are introduced to all the teachers and activities personnel.

Everyone will also receive a Welcome Pack and a map of the local area showing anything that may be of interest to our students throughout their stay with us. Host families will take the students to the school on their first day to ensure everyone gets to us on time.

Classes

Classes are from 09.00 – 12.00 with a 15 minute break at 10.30.

Classes will focus on the communicative approach to the language, such as role-play, pair work, pronunciation and vocabulary and listening. There are lots of activities in class to help students become more confident in their use of English, while having fun and mixing with other nationalities.

We know how difficult speaking can be and we want to give you as many opportunities as possible to talk, talk, talk!

Students will also learn about Irish culture including Irish history, literature, mythology, music and modern Irish musicians and actors.

All our teachers and activity leaders are fully qualified and have an abundance of experience. Our classes are taught in a fun learning environment, focusing on speaking English and learning more about Ireland and our history and culture, using the most up-to-date technology available.

We have carefully selected our activities to suit all our students' requirements and to ensure they see the best places Dublin and Ireland has to offer.

The sports facilities at our summer campus are fantastic, enabling us to offer a variety of sports including football, GAA, basketball, tennis and swimming.

We can offer our students a "home away from home" with our friendly Irish host families. Parents need not worry while their children are here as we carefully select families suitable for their children.

Students will return home with a certificate of attendance but more importantly, they will have many happy memories which they will hold with them into their adult life. They may even send their own children to us in the future!
